ABOUT ME

I am a third-year Computer Science student at the National Polytechnic Institute of Cambodia. I have experience in front-end development using HTML, CSS, JavaScript, Bootstrap, and some knowledge of MySQL. I'm also learning more about web development to improve my skills.

I have experience creating and editing videos using Adobe Premiere Pro, Photoshop, and Audition. I've built small web projects using React.js, Tailwind CSS, and Bootstrap. I also have basic knowledge of PHP and Laravel.

I am currently learning how to become a better web developer.I believe in my ability to grow and improve. I'm not the best yet, but I will keep trying to become one of the best in the tech field in the future.
